

Irshad Ansari - Sr. PHP Full Stack Web & Mobile Developer, Tower Media Middle East FZ LLC

I am having around 12+ year experience in Web and Mobile application development as full stack and good knowledge in SEO.

Since 2011, I have started as a PHP web developer later I become full stack developer. I am responsible for full life cycle development of next-generation software, from initial requirement gathering to design, coding, testing, documentation and implementation. My technical expertise includes cross-platform proficiency in Windows, Mac, Linux and fluency in PHP, MySQL, HTML 5, CSS, jQuery, JSON, React, NodeJS and JavaScript. XML, Ajax, Angular, Ionic. Work with CMS like WordPress (Expert), Drupal, Moodle and framework Laravel.

I also know WordPress plugin development and advanced knowledge of developer applications, tools, methodologies and best practices (including OOD, client/server architecture and self-test automation). My experience developing user-friendly solutions on time and on budget would enable me to step into a Sr. web developer.

I will follow up with you next week, and you may reach me at (+971)56 47 922 86. I look forward to speaking with you.
